Cathryn Costello, Andrew W Mellon Associate Professor in International Human Rights and Refugee Law, Refugee Studies Centre, Oxford Department of International Development, and **Mark Freedland**, Emeritus Professor of Employment Law, St John's College, University of Oxford

- Identifies an important new area of law, the intersection of migration and labour law
- Focuses on the impact of migration and migration law on labour law and employment relations
- Takes a multidisciplinary, comparative and international approach, with contributions by leading scholars in the fields of political economy, migration studies, and domestic and international law
- Examines UK, EU, and international law on migration, labour rights, human rights, and human trafficking and smuggling, developing cross-jurisdictional and multi-level perspectives

Hardback | 512 pages

£70.00 **£56.00**

Situated at the intersection of migration studies and labour law, this book examines the impact of migration law on labour rights, and how the regulation of migration increasingly determines employment relations. Migration law as currently configured jeopardizes the values and institutions of labour law, a matter of increasing concern.

Readership: Academics, practitioners, and policy makers in the fields of labour law, employment law, migrant law, and international and EU law, and international politics and migration studies
